April 2010

From Dan's Garage

Well with March on it's way out like a tame lion, I guess we can all start spring cleaning our cars. Take the cover off and start working on that beauty!

As you all know, this month is the start of our active time of the year with our first regular general meeting of 2010. The meeting will be held at our usual meeting place, The Discovery Center at 6:00 p.m. on the 12th of April. We will be having a special program with our guest speaker Brian, from the Baldwin Lake Fire Department. Brian will be providing us with a demonstration on CPR along with some basic first aid information. It should be a very informative meeting and everyone is asked to bring their friends whom might be interested in the program material.

I understand the Bus Trip down the mountain to "The Museum" was a lot of fun for the 31 people that attended. The lunch picnic was a great success at El Segundo in the park thanks to the organization and effort by Pearl. She really does a great job in planning these types of events, and everyone appreciates your great enthusiasm. A few pictures are attached on the following pages for all members to enjoy and see what they missed.

Everything is proceeding well with the Pinewood Derby thanks to Russ and his Pit Crew. We are still going to need some more volunteers for the races at the schools, so if you are interested, please contact Russ Greek. Don't forget to have your Pinewood Derby Car completed by Race Day!

The Spring and Summer Car Shows will be starting soon, so let's all try to attend as many of them as we can, and have some great club participation. I realize that most of the shows are down the hill, but I know our clubs cars can make the journey with no problem.

Don't forget, "Check that Dipstick"

Dan
